Mr. Burt Hankins
Goodwyn, Mills & Cawood
P.O. Box 527
Vernon, AL 35592

RE: GUIN INDUSTRIAL PARK
ALABAMA HIGHWAY 44 AND CORRIDOR X

Dear Mr. Hankins:

As you requested we are glad to supply the following information concerning water and sewer at the referenced site:

A. Water

1. The site is served by an 8 inch PVC water main from the City of Guin Water Department
2. Water Pressure at the site: 80 psi average
3. Distance to the Guin Water Treatment Plant: 5 miles
4. Water treatment capacity: 1,100,000 gpd
5. Total system storage capacity: 1,000,000 gallons
6. Average daily use: 750,000 gallons
7. Peak utilization: 850,000 gallons
8. Excess capacity: 250,000 combined

B. Sewer

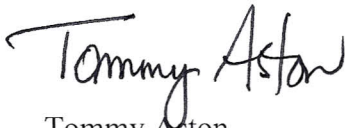

1. Currently planned 50,000 gpd onsite treatment plant
2. Current use: -0- gpd
3. Excess capacity: 50,000 gpd

This sewer treatment system will be an on-site modular plant with a spray disposal field.

Should you have any further questions or need additional information, please feel free to contact me.

Sincerely,

THE WATER WORKS AND SEWER
BOARD OF THE CITY OF GUIN

Tommy Aston
